# Who I Am

**HIT → Columbia → Princeton PhD**

Thermal comfort. Radiant environments. AI/ML in buildings.

Former AI strategist, Fortune 500. **Gartner Eye on Innovation Award** (2020).

I've built AI systems. I've watched them converge to average.

**This module exists because you deserve to know what's behind the curtain.**

# The Arc

**Class 1: Walls & Friction**

"Someone built these constraints"

**Class 2: Breaking Through**

"The constraints are external and leaky"

**Class 3: Your Signature**

"AI follows patterns. The responsibility is mine."

**Everyone else teaches you how to use AI. I teach you how to make sure it doesn't use you.**

# Before Class 1: Read These

**1. Alex Murrell** — *The Age of Average*

https://www.alexmurrell.co.uk/articles/the-age-of-average

Why everything looks the same now.

**2. Ted Chiang** — *ChatGPT Is a Blurry JPEG of the Web*

https://www.newyorker.com/tech/annals-of-technology/chatgpt-is-a-blurry-jpeg-of-the-web

Influential. Contested. Read critically.

**Come ready to argue.**
